Forecast for Thursday 25 Mar 2021

Weather: A mostly cloudy morning, with patchy light rain with snow above 700m rising 900m, but eastern Cairngorms and Monadhliath hills largely dry. A brighter afternoon and early evening with sunny intervals but with a few heavy showers passing through, these still of snow on the Munro tops, and drifting on the Plateau. Remaining showery after dark.

Chance of cloud free mountain/hill tops above 800m: 10% until late morning then 60% in afternoon and falling 40% in the evening.

Visibility: Moderate, perhaps poor in the morning. General visibility then improving in the afternoon good clarity, but with but heavier showers will bring some spells of poor visibility in showers. Cloud: around 500-750m with lower patches, at first with very poor summit visibility, then becoming broken bases generally rising 800-900m with a few patches to 700m near showers. Cloud may become more widespread again in the evening though towards the Lecht it should stay clearer.
